Policy for INCLUSION / SEND

Incorporating Special Educational Needs Information

in compliance with Statutory Instrument : Special Educational Needs (Information) Regulations

(Clause 65) and the Special Educational Needs and Disability Code of Practice 0-25 (2014 - updated January 2015)

Proud to be part of the **UNIVERSITY OF CHICHESTER** ACADEMY TRUST

Inclusive education is where all children and young people are participating fully, are achieving all they can, are happy and have positive attitudes.

PCC's Inclusive Education Strategy

Legislative Compliance

This policy complies with the guidance given in **Statutory Instrument: Special Educational Needs (Information) Regulations (Clause 65)**. It has been written as guidance for staff, parents or carers and children with reference to the following guidance and documents.

SEN Code of Practice (which takes account of the SEN provisions of the SEN and Disability Act 2001) September 2014

Ofsted Section 5 Inspection Framework April 2014. The Equality Act 2010

Ofsted SEN Review 2010 "A Statement is not enough". The Children and Family Act 2014

This Policy complies with Part 3 of the Children and Families Act 2014 and associated regulations. The regulations associated with the Children and Families Act 2014:

- The Special Educational Needs and Disability Regulations 2014

Inclusion Statement

- We endeavour to achieve maximum inclusion of all children (including vulnerable learners) whilst meeting their individual needs.
- Teachers provide differentiated learning opportunities for all the children within the school and provide materials appropriate to children's interests and abilities. This ensures that all children have a full access to the school curriculum.
- Special Educational Need might be an explanation for delayed or slower progress but is not an excuse, and we make every effort to narrow the gap in attainment between vulnerable groups of learners and others.
- English as an Additional Language (EAL) is not considered a Special Education Need. Differentiated work and individual learning opportunities are provided for children who are learning EAL as part of our provision for vulnerable learners.
- We focus on individual progress as the main indicator of success.
- We strive to make a clear distinction between "underachievement" – often caused by a poor early experience of learning - and special educational needs.
 - Some pupils in our school may be underachieving but will not necessarily have a special educational need. In such cases we will endeavour that quick actions are taken to ensure that appropriate interventions are put in place to help these pupils catch up.
 - Children identified as having special educational needs **may** also have lower-attainment. It is our responsibility to ensure that pupils with special educational needs have the maximum opportunity to attain and make progress in line with their peers. Accurate assessment of need and carefully planned programmes, which address the root causes of any learning difficulty, are essential ingredients of success for these pupils. These will be provided, initially, through additional support funded from the devolved schools budget.

Teachers provide differentiated learning opportunities for all the children within the school and provide materials appropriate to children's interests and abilities. This ensures that all children have a full access to the school curriculum.

Aims and Objectives of this Policy

The aims of our inclusion policy and practice in this school are:

- To provide curriculum access for all
- To continually monitor the progress of children and ensure high levels of achievement for all
- To meet individual needs through a wide range of provision
- To attain high levels of satisfaction and participation from pupils, parents and carers
- To carefully map provision for all vulnerable learners to ensure that staffing deployment, resource allocation and choice of intervention is leading to good learning outcomes.
- To ensure a high level of staff expertise to meet pupil need, through well targeted continuing professional development.
- To work in cooperative and productive partnership with the Local Authority and other outside agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable learners.
- To "promote children's self-esteem and emotional well-being and help them to form and maintain worthwhile relationships based on respect for themselves and others". (National Curriculum, 2014).

The head teacher and the governing body have delegated the responsibility for the ongoing implementation of this Inclusion Policy to the Head of Inclusion / Special Educational Needs Coordinator (SENCO).

The Head of Inclusion / SENCO (Mrs Diane Cook) is responsible for reporting regularly to the Head teacher and the governors with responsibility for SEN on the ongoing effectiveness of this inclusion policy.

The Ethnic Minority Achievement (EMA) Co-ordinator (Mrs N Brown) has strategic responsibility for the inclusion of children who have EAL and the achievement of vulnerable ethnic minority groups.

The Designated Teacher for Looked After Children / Previously Looked After Children (Mrs Diane Cook) has strategic responsibility for the inclusion of children who are adopted or in local authority care.

All staff in school have a responsibility for maximising achievement and opportunity of vulnerable learners – specifically, all teachers are teachers of pupils with special educational needs and EAL. Staff are aware of their responsibilities towards all vulnerable learners and a positive and sensitive attitude is shown towards all pupils at all times.

SEN INFORMATION REPORT

- **The kinds of Special Educational Needs which are provided for in our school:**

As an inclusive school we do not seek to closely define the special educational needs for which we will make provision. Historically we have had success with a wide range of special Educational needs. Here at Arundel Court Primary Academy we strive hard to ensure that appropriate interventions are put in place in order to meet the children's individual needs.

The range of needs to-date has included pupils with:

- Dyslexia
- Dyspraxia
- Hearing Impairment
- Severe Medical Conditions
- Mobility difficulties
- Autistic Spectrum Disorders
- Visual Impairment
- Hypermobility
- Physical Disability

In admitting pupils with special educational needs we would expect to have informative discussions with both the pupil's family and the local authority to ascertain the suitability of our provision. We understand that it is initially our responsibility to make provision for a pupil with special educational needs through the school's devolved SEN budget. Thereafter we are aware of the process of starting SEN Support Plan, to be reviewed termly and if required making an application for an Educational Health and Care Plan (EHCP). As a mainstream school, it would clearly be difficult for us to make provision for pupils whose needs and/or demands are significant, severe or profound. However, we do not rule this out and would make a careful assessment of the needs of each pupil in constructive conversation with other agencies.

SEN INFORMATION REPORT

- **Our school's policies for identifying children and young people with SEN and assessing their needs**
- **Our school's arrangements for assessing and reviewing children and young people's progress towards outcomes.**
- **Our approach to teaching children and young people with SEN**
- **How adaptations are made to the curriculum and learning environment of children and young people with SEN**
- **How our school evaluates the effectiveness of its provision for children and young people with SEN.**

Wave 1 = Universal element: Well-differentiated, quality first teaching, including, where appropriate, the use of small group interventions. All vulnerable learners to be included on a whole-school provision map.

- All learners will have access to quality first teaching.
- Some vulnerable learners will have access to carefully differentiated activities or approaches directly related to the school curriculum which are part of our good practice in making teaching and learning accessible to pupils learning at different rates. These will usually be pupils who are underachieving and have been identified by the school as needing to make accelerated progress but will not necessarily be pupils with special educational needs. This is considered to be a differentiation of the usual school curriculum – not a special intervention for pupils with SEN.
- All vulnerable learners will be included on a detailed whole-school provision map which outlines and monitors all additional intervention across the school. The whole school provision map enables the school to:
 - Plan strategically to meet pupils' identified needs and track their provision.
 - Audit how well provision matches need
 - Recognise gaps in provision & ensure appropriate deployment of staff
 - Cost provision effectively & demonstrate accountability for financial efficiency
 - Inform parents, LEA, external agencies and Ofsted about resource deployment
 - Focus attention on whole-school issues of learning and teaching as well as individual needs, providing an important tool for self-evaluation.

Identification and Assessment at Stage 1

Children's needs should be identified and met as early as possible through:

- The analysis of data including entry profiles, Foundation Stage Profile scores, "A Language in Common" assessment, reading ages, other whole-school pupil progress data
- Classroom-based assessment and monitoring arrangements. (Cycle of planning, action and review.)
- Following up parental concerns
- Tracking individual children's progress over time,
- Information from previous schools, Nurseries and other services
- Consistent and strategically planned transitions
- Maintaining a provision map / CENSUS for all vulnerable learners but which clearly identifies pupils receiving additional SEN Support from the school's devolved budget or in receipt of High Needs funding. This provision map is updated termly through meetings between the teachers and SENCO
- Undertaking, when necessary, a more in depth individual assessment - this may include a range of commercially available assessments, carefully chosen to deliver appropriate, useful information on a pupil's needs. It may include a bilingual assessment where English is not the first language.
- Involving an external agency where it is suspected that a special educational need is significant.

Curriculum Access and Provision for vulnerable learners

Where children are underachieving and/or identified as having special educational needs, the school provides for these additional needs in a variety of ways and might use a combination of these approaches to address targets identified for individual pupils.

- Teachers differentiate work as part of quality first teaching
- Applying Wave 1 / 2 / 3 interventions as appropriate
- Small group withdrawal time (limited and carefully monitored to ensure curriculum entitlement is not compromised)
- Individual class support / individual withdrawal
- Bilingual support / access to materials in translation
- Homework / learning support clubs
- Pastoral Support / Time

Monitoring and Evaluation

The monitoring and evaluation of the effectiveness of our provision for vulnerable learners is carried out in the following ways:

- Classroom observation by the SENCO, EMA co-ordinator and Senior leaders.
- Ongoing assessment of progress made by intervention groups
- Work sampling on a termly basis.
- Moderation exercises.
- Teacher meetings with the SENCO/EMA co-ordinator
- Informal feedback from all staff.
- Pupil progress tracking using assessment data (whole-school processes)
- Monitoring IEPs and targets, evaluating the impact on pupils' progress (where applicable).
- Reviewing of attendance records and liaison with our Attendance Manager / Vulnerable Group meetings (held fortnightly through PCC)
- Regular meetings about pupils' progress between: Head teacher / Assessment Manager (Deputy Head) / Head of Inclusion-SENCO / EMA and Class Teachers
- Head teacher's report to parents and governors

Wave 2: Targeted Support: Additional SEN Support

- Pupils will be offered additional SEN support when it is clear that their needs require intervention which is "additional to" or "different from" the well-differentiated curriculum offer for all pupils in the school ie: they have a special educational need as defined by the SEND Code of Practice 2014.
- Under-achieving pupils and pupils with EAL who do not have SEN will **NOT** be placed on the list of pupils being offered additional SEN support (but may be on the school's provision map).
- In keeping with all vulnerable learners, intervention for pupils on the SEN list will be identified and monitored using the whole-school provision map as well as through Pupil Progress meetings
- The SENCO will also ensure support / actions possible are addressed where possible through use of the Portsmouth 'Ordinarily Available Provision' Document.
- Should additional support funding be required then the process for this will be: initially commence with an 'SEN Support Plan' this will then be reviewed termly with parents/carers in order to ensure their underlying special educational need is being addressed. This may particularly be the case where outside agencies have been involved in assessing the pupil or contributing to their provision. Where the school can evidence that more than £6,000 above the Average Weighted Pupil Unit has, or will need to be, spent on a pupil within any one financial year, in order to meet his or her special an educational needs an application will be made to the Local Authority, with particular regard to the success criteria and SEND Descriptors published as part of the Local Offer.
- There will be a banded costing system introduced by the Local Authority in April 2021 and applied to all children who receive Top-Up funding attached to their EHCP (Education and Health Care Plans).
- Where a pupil has a significant, severe and sustained need, it may be necessary to enter a multi-disciplinary assessment process with health and social care in order to consider the need for an Education Health and Care Plan
- For those pupils on an SEN Support Plans, pupils will automatically have outcomes to address which will be reviewed termly. After a minimum of two terms of evidence an application may be required for an EHCP via the Local Authority. (This involves a 20wk process from the date the application is received by the Local Authority).
- Our approach to IEPs, which we recognise are no longer prescribed in the SEND Code of Practice 2014, if used will be as follows:
 - IEP's **may** only be put in place where an Education Health Care Plan (EHCP) or currently accessing our Nurture Provision. They are seen as working documents which can be constantly refined and amended.
 - Our IEPs will be based on informed assessment, including outside agency input using manageable SMART Targets. These will be reviewed termly or earlier if required. They will be arrived at through:
 - Discussion between SENCO, Class Teacher and Nurture Practitioner as required
 - Discussion, wherever possible, with parents/carers and pupil
 - Discussion with other professionals as required

Wave 3: Specialist Intervention: Statement of Special Educational Needs or Education Health and Care Plan

- Pupils with an Education Health and Care Plan will have access to all arrangements for pupils on the SEN list (above) and, in addition to this, will have an Annual Review of their EHCP.
- Our school will comply with all local arrangements and procedures when applying for
 - Top-Up Funding
 - An Education Health and Care Plan
 - Transport (through Personal Budget access)We will ensure that all pre-requisites for application have been met through ambitious and pro-active additional SEN Support using our devolved budget at an earlier stage.
- Our review procedures fully comply with those recommended in Section 6.15 of the Special Educational Needs Code of Practice and with local NCC policy and guidance
 - particularly with regard to the timescales set out within the process.

- Identifying which pupils may have / require an SEN Support Plan
- Which pupils (also on the provision map) require additional support because of a special educational need and need to go on the school's SEN list. Some of these pupils may require advice/support from an outside professional and, therefore, an Individual Education Plan to address a special educational need (this would include pupils with EHC Plans)

SEN INFORMATION REPORT

How children and young people with SEN are enabled to engage in activities available with children and young people in the school who do not have SEN

- As an inclusive school, we do everything we can to ensure that pupils of all abilities and needs are fully included in the life of the school.
- Where appropriate and legitimate, we endeavour to provide different ways for all learners to access the same learning experience, rather than withdrawing pupils and providing an entirely different activity.
- Our deployment of additional staffing and resources funded from our devolved additional needs budget through the Local Offer, ensure that all curriculum experiences are available to all pupils in the school (EG: educational visits, extra-curricular activities), particularly where a voluntary financial contribution from parents is required for the activity to run. This is in compliance with the Equality Act 2010.
- All lesson planning seeks to address the learning needs of all pupils in the class. This is also regularly monitored by Subject leaders and /or senior leaders during observations of teaching and learning in classrooms, particular attention is given to whether the ongoing learning offer is inclusive.
- Pupils are encouraged to analyse how they themselves learn and there is an ongoing dialogue about this in our classroom. Pupils are given the opportunity and support to develop self-help strategies to ensure their full access to the curriculum.

Partnership with Parents/Carers

The school aims to work in partnership with parents and carers. We do so by:

- Working effectively with all other agencies supporting children and their parents

- Making parents and carers feel welcome
- Encouraging parents and carers to inform school of any difficulties they perceive their child may be having or other needs the child may have which need addressing
- Supporting parents through involvement with our Pastoral Team / Medicines Manager-Attendance Officer and Head of Inclusion / SENCO.

- Meetings are planned every day to answer any questions you might have. This can also be on a one to one basis if pupils need extra support
- All pupils in Year N to Year 1 have differentiated home learning packs and by request from Year 2-6, with resources, so that they are not always using the computer
- All pupils requiring 1:1 support (EHCP) have been offered fulltime provision in school throughout

Involvement of Pupils

We recognise that all pupils have the right to be involved in making decisions and exercising choice. In most lessons, all pupils are involved in monitoring, reviewing their progress and addressing their own identified targets. We endeavour to fully involve all pupils by encouraging them to:

- State their views about their education and learning
- Identify their own needs and learn about learning
- Share in individual target setting across the curriculum so that they know what their targets are and why they have them,
- Self-review their progress and set new targets
- Monitor their success at achieving the targets on their SEN Support Plan / Individual Education Plan. (not required for all pupils with special educational needs)

SEN INFORMATION REPORT

- **How our school involves other bodies, including health and social care bodies, local authority support services and voluntary sector organisations in meeting children and young people's special educational needs and supporting their families**

- Our school will identify sources of support as they develop and evolve as the Local Offer is defined through Education, Health and Social Care (including the establishment of joint commissioning arrangements).
- We seek to respond quickly to emerging need and work closely with a wide range of outside agencies including:

For pupils with SEN Support Plans and Education, Health and Care Plans, we comply fully with requests from independent facilitators to provide information and cooperate fully with other agencies.
- Often at the request of families, we liaise with voluntary bodies in order to be as familiar as possible with best practice when the special educational needs of a pupil are very specific (EG: Autism, Visual impairment etc).

- We have a clear point of contact within the school who will coordinate the support from outside agencies for each pupil. Most often this will be the SENCo or Designated Teacher for LAC, but in some cases it can be another member of staff who we have identified as a key worker.

Inclusion of pupils with English as an additional language

Definition

A pupil who has English as an Additional Language is a pupil whose first language is not English, and who uses that language on a regular basis inside or outside of school. EAL pupils are not considered to have a Special Educational Need, but are seen to benefit from the ability to live and learn in more than one language.

Ethos

We strive to recognise, welcome and celebrate linguistic and cultural diversity and have a high expectation of all pupils regardless of ethnic, cultural or linguistic heritage. We aim to include all pupils and parents in our school by respecting that diversity and reflecting it in our school environment, curriculum, learning resources and partnership with parents. We welcome the enrichment that linguistic and cultural diversity brings to our school community.

The routine and prolonged withdrawal from mainstream of children with EAL is not recognised as good practice and does not promote rapid language acquisition. Language acquisition is best promoted through a range of good, inclusive strategies, interventions and differentiation of the usual school curriculum.

Admissions

No pupil will be refused admission on the basis of ethnicity or EAL. Pupils who have EAL will be admitted under the same criteria as any other pupil applying for a school place. Where parents do not speak English, we endeavour to provide oral and written information and help in first language which will facilitate the admission process and provide key information about our school. On admission, the pupil will have access to a welcome and induction programme which recognises their linguistic needs and provides a safe and secure start to their learning.

Should you wish to visit the school with the view to enrolling your child please contact the school directly: 023 892824 and ask for Mrs Cook (SENCO).

Provision

Pupils with EAL will have full access to mainstream provision regardless of their proficiency in English. Where necessary, additional support will be given to improve acquisition of English: The following provision can be expected:

- Initial assessment of EAL using QCA 'A Language in Common' to record stage of language acquisition where it is below English NC Level 2
- A further mother tongue assessment may be applicable where SEN is known or where further information needs to be gathered in the pupil's first language
- Pupils will be placed in sets and groups which match their academic ability. Initially this may be in a middle-ability set until the pupil's academic strengths can be more fully assessed. Pupils will not be placed with SEN pupils unless SEN is indicated.
- Work in class will be differentiated for the pupils to lessen linguistic difficulties without significantly reducing academic challenge. Differentiated homework will be provided to enable the pupil to improve their knowledge and use of English and to participate in homework activities on an equal basis with their peers.
- Additional support for pupils may be given through: first language resources & translation facilities; teaching support on a 1:1 or small group basis, peer group support; pre-teaching of key concepts and vocabulary.
- Where necessary, catch-up work will be provided for pupils arriving from overseas who have experienced a different curriculum or who may have gaps in their schooling. Where pupils are ahead of their peer group in terms of learning, differentiation will be made in order to access learning at an appropriate level.
- Progress of EAL pupils will be monitored against both A Language in Common (where below English NC level 2) and against National Curriculum indicators. Where accelerated progress in English is needed for reasons of EAL, targets will be set and provision made on agreement between the class teacher and the EMA Co-ordinator or SENCO. Provision will be recorded and monitored for effectiveness using the school's provision map, in line with standard practice for all vulnerable learners in the school. The pupil will not be placed on the SEN register for reasons of EAL.

Parental support

We recognise that some parents who are learning English may find it difficult to communicate with the school and approach the school regarding any concerns they may have on their child's progress. We endeavour to fully include EAL parents in the life of the school by, wherever possible, providing interpreting facilities at parents' evenings and other school meetings and by providing key school information in translated format.

Inclusion of pupils who are Looked After in Local Authority Care

Our school recognises that:

- Children who are looked after in local authority care have the same rights as all children but may have additional needs due to attachment issues, early neglect, separation and loss, trauma and many placement moves. These barriers to learning can affect their educational outcomes and their personal, social and emotional development.
- There are commonly understood reasons (Social Exclusion Unit Report :2003] why children who are looked after in local authority care often fail to make expected progress at school:
 - Placement instability
 - Unsatisfactory educational experiences of many carers
 - Too much time out of school
 - Insufficient help if they fall behind

Unmet needs - emotional, mental, physical

- There is a statutory requirement for all schools to have a designated teacher (DT) for looked after children. (The name of the current designated teacher at our school is given at the end of this inclusion policy). The responsibilities of our designated teacher include:
 - Monitoring the progress of children who are 'looked after' to ensure that they have the best life chances possible and access to the full range of opportunities in school
 - Ensuring that children who are 'Looked After' (LAC) have access to the appropriate network of support
 - Ensure Personal Education Plan (EPEP) has been arranged and that it is regularly reviewed, at least termly
 - Ensuring that information concerning the education of children who are 'Looked After' is transferred between agencies and individuals promptly and securely
 - Completion of an up to date EPEP (as used by the LAC Local Authority)
 - Discussing feedback from the statutory review (chaired by the Independent Reviewing Officer) with social workers and, where necessary, the carers and a member of the Virtual School team.
 - Liaising with the child's social worker to ensure that there is effective communication at all times
 - Celebrating the child's successes and acknowledge the progress they are making.

Our school will work closely with the county's The Virtual School (VS) for Children which promotes the educational needs of 'Looked After Children' (LAC) and monitors admissions, PEP completion, attendance & exclusions.

The current Designated Teacher for LAC is: Mrs Diane Cook

Inclusion of pupils who are very able and/or talented

In this section the term 'very able' refers to pupils who have a broad range of achievement at a very high level. Those children who are very able have very well-developed learning skills across the curriculum. The term 'talented' refers to pupils who excel in one or more specific fields, such as sport or music, but who may or may not perform at a high level across all areas of learning.

- | | |
|-------------------------------|--|
| • Physical talents | sports, games, skilled, dexterity |
| • Visual/performing abilities | dance, movement, drama |
| • Mechanical ingenuity | construction, object assembly (and disassembly), systematic, working solutions |
| • Outstanding leadership | organiser, outstanding team leader, sound judgements |
| • Social awareness | sensitivity, empathy, |
| • Creativity | artistic, musical, linguistic |

We respect the right of all children in our school, irrespective of differences in ability, to access a

number of areas of learning, and to develop the knowledge, skills, understanding and attitudes that are necessary for their self-fulfilment and eventual development into active and responsible adults.

The aims of our school make specific reference to teaching and learning that takes into account the needs of all children. They also identify the commitment to giving all our children every opportunity to achieve the highest of standards. This policy guides the way in which this happens for our very able and/or talented children.

Identification

Before identifying any child 'Very able' in a particular area, we aim to ensure that all children have had the opportunity to learn and succeed in this area. This makes the identification process fair. Identification of pupils as 'very able' and/or 'talented' is a judgement which applies to the current class/school context and refers to the current level of performance only. This means that 'at this time this child is showing ability in a particular area'. Identification at our school does not necessarily mean that in another school or context the child would be identified.

A very able or talented pupil should be identified using a variety of methods. The specific procedure will vary according to subject area but will include elements of the following:

- teacher nomination
- assessment results
- specialist teacher identification
- parental / peer / self-nomination

Each year the school will draw up a register of very able and/or talented children, this list will be kept under review. Provision for very able and/or talented children will be tracked on the school's provision map

Provision

Teachers have high expectations and plan carefully to meet the learning needs of all our children. We give all children the opportunity to show what they know, understand and can do, and we achieve this in a variety of ways when planning for children's learning by providing:

- An enrichment activity that broadens a child's learning in a particular skill or knowledge area;
- An individual activity within a common theme that reflects a greater depth of understanding and higher level of attainment;
- The opportunity for children to progress through their work at their own rate of learning.

Children meet a variety of organisational strategies as they move through the school. Each strategy supports all children in their learning, but gives due regard to the more able and very able learner.

We offer a range of extra-curricular activities for our children. These activities offer very able and/or talented children the opportunity to further extend their learning in a range of activities. Opportunities include a range of sporting and musical clubs. School based provision includes opportunities for performance, artists in residence, specialist teaching and partnership with primary and secondary schools.

Self-evaluation and monitoring arrangements

We are committed to ongoing self-review of our inclusive practice using arrangements that have been devised by the Portsmouth Local Authority. We have a formal self-review that takes place every October and will be led by the Head of Inclusion / SENCO (Diane Cook). This process supports our self-evaluation submission to the Office for Standards in Education (Ofsted).

Complaints

Any complaints relating to the Inclusion Policy will be dealt with under the school's normal complaints procedure, which is detailed in the parent's information booklet.
