The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about children in England. It provides invaluable information on the background and circumstances on a child's journey and evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our children to the DfE as part of statutory data collections. Some of this information is then stored in the national pupil database (NPD). The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.
