

# Year 2

## Half term

We hope you have a relaxing half-term.

100 leaves challenge – as the leaves are turning golden and starting to fall why not try and collect 100 leaves and create some art with them. You could send your pictures to your class email.

Next half term for Design and Technology, every child will be creating a shoebox habitat using a variety of resources. Please can collect any shoeboxes you may not need and send them in next half term so we can start designing them.

Next half term our topic is Dungeons and Dragons. Please remember your donation to our Medieval Day Theatre performance. The donations can be paid via SCOPAY.

We had a high number of children that had reading raffle prizes and tickets this half-term. Please keep up the hard work and read at home as much as possible. Keep a log in your child's reading record and we can count any half term home reads towards a ticket. There are many resources online as well as books.
