

# Me And My Music

We would like to invite you to produce some creative work about your experiences of music since the first lockdown in March 2020. Have you been missing music, or engaging with music differently? This is your opportunity to show us how and have your artwork featured in our online art gallery. It could be:

- A drawing
- A painting
- A photograph
- A poem or word cloud

It could focus on things you have enjoyed doing, like listening to music or taking part in online music lessons, or things that you have missed doing, like making music with other people or going to live concerts.

## Step One: Your experience

Think about your experience of music since the first lockdown in March 2020.

- What has music meant to you during this time?
- How have you been involved in music?
- What changes have there been to the ways you engage with music?

Write down some responses to these questions, or discuss them with someone else.

# Step Two: Plan your work

How could you represent this through art? Here are some examples to inspire you.

This is a collage about enjoying making music in lockdown

This is a word cloud about having online music lessons

This is a drawing of someone enjoying singing by themselves but missing singing with a choir

## Step Three: Get creating!

## Step Four: Submit your work

Ask an adult to take a photo of your artwork to send to us.

- Make your artwork look its best in the photo! Line up the camera carefully, and make sure the lighting is good so we can see it clearly.
- Please email your photos (or the artwork itself, if it was created digitally) to [activities@theorganproject.org](mailto:activities@theorganproject.org) by **26 February 2021**.
- Include the name of your school, and if you are happy for us to display your name, please include this too.

**Parents/Guardians: Please note that by submitting your child's artwork you are giving permission for it to appear in our digital gallery.**
